

TENT PREPERATIONS:

- Tents are temporary structures. Client assumes all weather related risks involved in holding an outdoor tented event. Tents may provide partial protection from sun and rain. Tents may encounter weather related events that may damage or blow them over. Client should establish evacuation plan prior to event to protect all persons involved. Furthermore, people must never seek shelter in a tent.
- United Rent All will work to minimize risk, however, should the tenting become unusable due to high wind, snow, rain, flooding, extreme cold or heat, or any other factor beyond United Rent All's control, client shall be liable for payment in full of all charges.
- Client agrees to have the site upon which the rental items are to be erected, free and clear of all obstacles, natural and man-made, prior to arrival of United Rent All's work crew.
- Client agrees to have all tents cleared for removal prior to our arrival. All non-rented items and decorations shall be cleared and taken from site.

- All tents are subject to stretching and retracting depending on temperature. So, no tent is guaranteed to be absolutely waterproof, and are to be considered temporary shade structures.
- Client agrees to not cook under or within a reasonable distance of the tent.
- Client agrees to have all underground utilities clearly marked prior to arrival of work crew. Client assumes full responsibility for damage to all underground utilities. Client must call one week prior to installation.
